Together we are stronger – BPW Caboolture & Northlakes making an impact for Equal Pay Day

On behalf of the BPW Australia , I am delighted to announce the winning entry of our Equal Pay Day competition in the category of Best Media & Stakeholder Engagement

The winning submission came from a joint collaboration by BPW Queensland clubs Caboolture and Northlakes

The clubs collaborated to host a joint event to mark Equal Pay Day. One of the events highlights was the 4 panellists across different industries that are male dominated, sharing their experiences and insights.

The lead up to the event had extensive social media coverage as well as reaching out to local media via print and radio.

As a non-partisan organisation, we have worked for over 70 years to urge governments to continue the inclusion of equal rights for women in legislation. Our club across Australia take action every day to voice the issues on behalf of our members . These actions of engaging in open dialogue with the wider community helps us build a stronger awareness. I am proud of the BPW clubs continued commitment to advancing the rights of women.

Thank you

Angela Tomazos

Director of Policy
